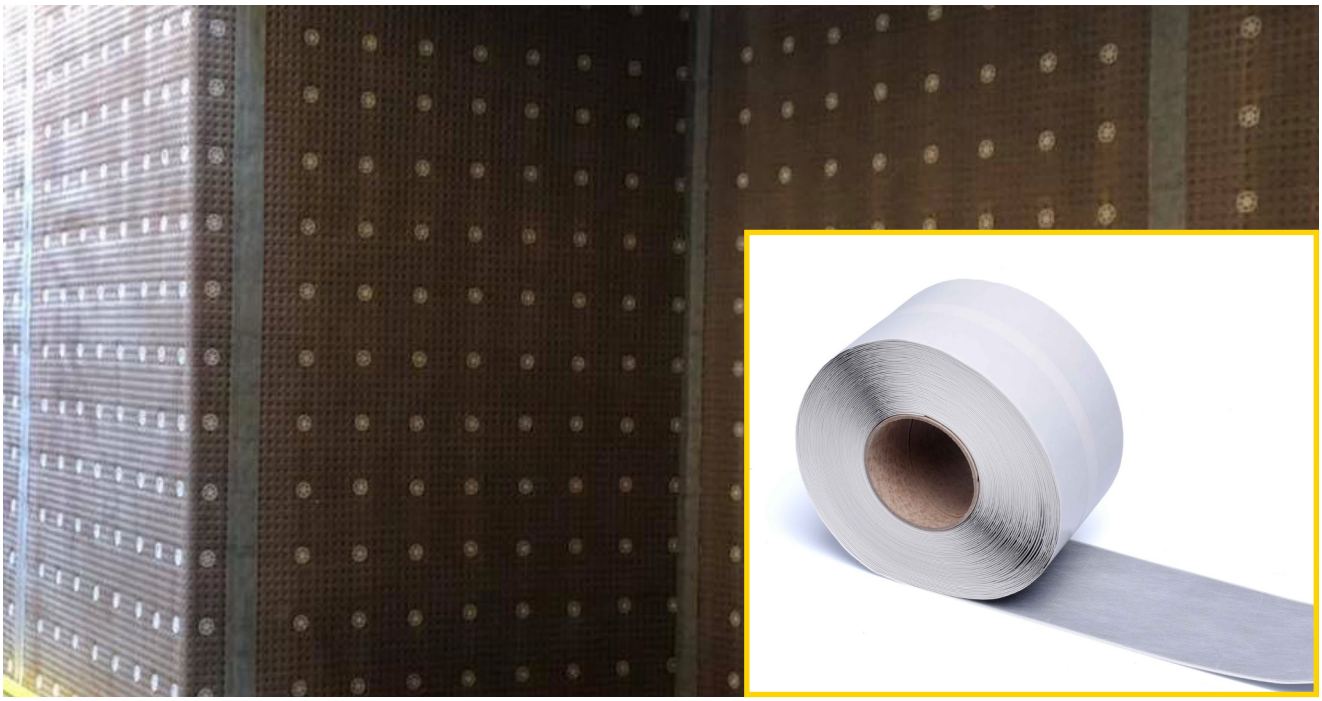
PRODUCT DATA SHEET

Delta Fleece Tape

TYPE C ANCILLARIES



Description

Delta Fleece Tape has been designed for use with our Delta PT membranes.

Delta Fleece Tape is a one-sided sealing tape with fleece backing ideal for sealing Delta PT membranes together where they join or overlap and for detailing around service penetrations where Delta PT membranes have been installed. The fleece backing provides ideal key for renders and plasters.

Features

- Can be rendered/plastered directly over
- Connects and seals Delta PT membranes where they join
- Seals Delta PT membranes where they overlap

Fields of Application

- Connecting and sealing membranes where they join or overlap
- Connecting corners
- Connecting reveals
- Connecting wall/floor joints
- Can be used to seal around pipes and service penetrations
- Can be used to patch repair membranes

Specification

- BS 8102:2022 Protection of below ground structures against water ingress. Code of practice.
- Ancillary product for Delta Cavity Drain system.
